

### ADVANTAGES

- Quick and easy service
- Three standard sizes
- Assembly by bolting, rivets, welding
- Modular design adaptable for all types of installations
- Rapid fitting system via bayonet fitting

<b>Application</b>	Dedicated mounting frames to ensure leak-free installation of CamCarb molecular filters in AHUs, ducts and plenums
<b>Frame</b>	Stainless steel; Galvanised steel
<b>Comment</b>	Frame Thickness 1.5mm and 2.0mm. Applicable filters: CamCarb CM and CamCarb CG. (Note : always specify filter type when ordering as base plate thickness may vary to accommodate different weights of filters).

Type	Dimensions WxHxD (mm)	Number of Cylinders	Weight (kg)
G8	305x610x70	8	3
G12	457x610x70	12	5.7
G16	610x610x70	16	6

Available as 1.5mm or 2mm
